Program

08:50 Welcome, opening remarks and introduction Dr. Fang-I Lu

09:00 Session #1: Biomarker testing in gastrointestinal tumors Dr. Kenneth Craddock

10:00 Session #2: A practical approach to Barrett's esophagus-related dysplasia and carcinoma Dr. Corwyn Rowsell

11:00 Break

11:30 Session #3: Bits and Bites: Interesting endoscopic biopsy case presentations Dr. Andrea Grin

12:30 Evaluation and adjournment

Virtual Conference Detail

Please join us on Zoom. Zoom detail will be emailed to the registrants 1 week prior to the event.

SATURDAY IN PATHOLOGY

June 12, 2021

A CME event for Practicing Pathologists, Fellows & Residents

Topic:

Updates on Gastrointestinal Pathology
REGISTRATION

While there is no cost to the attendees, registration is required for planning purpose and for claiming your Continuing Professional Development credits.

Please email Ms Karen Laws to register: karen.laws@sunnybrook.ca

ACCREDITATION

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada and approved by the Canadian Association of Pathologists. You may claim a maximum of 3.0 hours. The event post-test quiz is an Accredited Self-Assessment Program (Section 3). You may claim a maximum of 3.0 hours (credits are automatically calculated).

Through an agreement between the Royal College of Physicians and Surgeons of Canada and the American Medical Association, physicians may convert Royal College MOC Section 1 credits to AMA PRA Category 1 Credits.

PRESENTERS

Kenneth Craddock MD, PhD, FRCPC
Staff Pathologist, Sunnybrook Health Sciences Centre & Assistant Professor, Laboratory Medicine and Pathobiology, University of Toronto

Corwyn Rowsell MD, FRCPC
Head, Division of Pathology, Unity Health Toronto & Associate Professor, Laboratory Medicine and Pathobiology, University of Toronto

Andrea Grin MD, FRCPC
Staff Pathologist, Kingston Health Sciences Centre & Assistant Professor, Department of Pathology and Molecular Medicine, Queen's University

PROGRAM DESCRIPTION

This seminar will be interactive with adequate time for discussion and comments following each speaker's presentation. The interactive component will comprise at least 25% of the sessions. An audience polling app will be utilized as a form of interactive discussion and testing.

Target Audience
• Anatomical and General Pathologists
• Postgraduate Residents and Fellows

Learning Objectives
This case-based approach to pathology will go beyond looking at the basics and delve into the clinical and practical relevance of our diagnoses.

At the end of this session, participants will be able to:
• apply molecular biomarker testing to guide target therapies for GI tumors
• describe an approach for assessment of esophageal biopsy and endoscopic resection specimens from grossing to diagnosis and reporting
• recognize pertinent features of interesting endoscopic biopsy cases, discuss their differential diagnosis and describe their clinical implications

PLANNING COMMITTEE MEMBERS

Fang-I Lu (Chair) MD, FRCPC
Staff Pathologist, Sunnybrook Health Sciences Centre

Pauline Henry MD, PhD, FRCPC
Staff Pathologist, Michael Garron Hospital

Jelena Mirkovic MD, PhD, FRCPC
Staff Pathologist, Sunnybrook Health Sciences Centre

Christopher Sherman MD, FRCPC
Staff Pathologist, Sunnybrook Health Sciences Centre
